

## **Favorite Thing...**

Tucked into every issue of *The Jury Expert* you'll find a "favorite thing". Something special you submitted or something we found and thought of value.

This issue, our favorite thing is a webpage from the website of ASTC member Kathy Kellermann. It's called "Jury Research Updates".

Every seven days, Kathy takes questions from litigators and answers them based on social science research.

Take a look at our May 2008 "favorite thing" located at the URL below:
